**REQUEST FOR RECONSIDERATION OF DENIAL OF**  
**REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT**  
**FOR APPLICANT'S MISTAKE (37 C.F.R. §1.323)**

Sir:

This Request for Reconsideration of the denial of Applicant's Request for Certificate of Correction filed February 9, 2006, is based on Applicant's belief that the Decisions & Certificates of Corrections Branch denied the Request for Certificate of Correction in error. The Applicant respectfully requests reconsideration and granting of the Request for Certificate of Correction and provides the following remarks and statements in support thereof.

Applicant believes its Request for Certificate of Correction was dismissed in error because the Decisions & Certificates of Correction Branch identified 37 C.F.R. §1.322 as the basis for its denial. However, Applicant's requested a Certificate of Correction under 37 C.F.R. §1.323. It is clear from Applicant's originally filed Request for Certificate of Correction (a copy of which is attached) that Applicants claimed that any errors in the issued patent needing correction were the fault of the Applicant, not the U.S. Patent and Trademark Office. Additionally, Applicant correctly cited section 1.323 of 37 C.F.R. and attached the proper payment fee of \$100.00 under §1.20(a).

35 U.S.C. 255 states that if a clerical or typographical mistake, "which was not the fault of the Patent and Trademark Office, appears in a patent and a showing has been made that such mistake

U.S. PATENT NO. 6,756,363  
ATTY. DKT. 57547/00-120

occurred in good faith, the Director may, upon payment of the required fee, issue a certificate of correction, if the correction does not involve such changes in the patent as would constitute new matter or would require reexamination."

Therefore, there is no basis for denying Applicant's Request for Certificate of Correction, and reconsideration of such denial is earnestly requested.

Respectfully submitted,
